You have high expectations ...and so do we.

You're responsible for the health and development of a very important person—your child. NAEYC wants children to receive the care and attention they deserve in a safe, healthy learning environment. NAEYC Accreditation

Early childhood education programs are proud to be accredited by NAEYC because they know they have worked hard for that achievement. Using NAEYC tools and materials, they are continuously improving their programs to provide the best possible educational opportunities for children.

After an extensive application process, skilled and reliable NAEYC program assessors visit each program to determine that it is meeting NAEYC standards. Following accreditation, all programs are subject to random, unannounced visits by assessors to ensure that the programs continue to meet these standards.

The Right Choice for Kids

NAEYC Accreditation is the mark of quality that you seek, and it assures you that your child will be safe, healthy, and learning each day. Accredited programs have met NAEYC's 10 standards for high-quality early childhood education. These programs have demonstrated that they provide a safe and healthy environment for children, have teachers who are well-trained, have access to excellent teaching materials, and work with a curriculum that is appropriately challenging and developmentally sound.
